

Cooking & Co

Data

- Main data includes recipes, easy and fast to make for all those students who're lazy cooks.
- Necessary data, such as the scripts for the applications and media used as well as the creator's essays.

Implementation: HTML5

Visualisation

- Interactive media: tutorial videos, drop-down menus, moving background (one that matches with the site's colour scheme).
- Drawing your own food and saving the image for later use.

Implementation: Javascript, HTML5 (Canvas).

Game

- Simple food decoration game.
 - Pizza or pie decoration
 - Drag-and-drop principle
 - Option to save your creation

Implementation: Javascript, HTML5 (Canvas)
